

To Y6 pupils

Before I came to St. Augustine's, I felt nervous. My main worry was that I would get lost but I was just overthinking things, as soon as I got here, I quickly got used to where everything was. I was also worried I wouldn't be able to understand the work but I have managed really well.

I was excited to make new friends though and I have made lots of those.

All of the older kids helped to show us all around and we were took on a tour on the first day. On the first day, we went to our forms and met lots of new people.

It gets easier.

There are lots of after school clubs: netball; rugby; gym; choir etc.

It is a big change from primary school but everyone there is here to help you. Don't worry too much!

Amelia Hunter.
